Description of Project:

The museum is seeking a permit to place a promotional sign on the Town of Caroga's Sherman's property. This request was taken to the Town Board for consideration at the March 13th meeting. The Town Board approved a resolution for the installation of two (2) such signs at that meeting. It is proposed that these signs will be placed (1) near the bumper car pavillion on the carousel side and (2) beside the information building facing Routes 10 & 29A. The signs will be: 6 ft high by 3 ft wide by 4 ft deep (actual sign area is 2ft by 3 ft). The signs are wooden with a plexiglass cover, painted in red, white and blue with gold accents (appropriate for the Sherman's theme). Details of the verbage of the sign are attached. There will be no illumination. The signs will be installed in the ground via a metal stand such that the signs can be bolted to the supports to facilitate removal during the off season (pictures attached).
