Narrative to Planning Board

I am requesting a side yard variance and a special use permit for an accessory building consisting of 200 square feet of space. For storage of my power boat and boating accessories. I have and will obtain written permission from my neighbor to build next to, or attached to, his current 10 X 20 structure. My building will have no heat and no electricity. The building will be made to look identical to the current existing buildings. No other purposed use of this Accessory Structure will be considered. Storage of boat only.
