Discussion: Supervisor Palcovic asked if there was any further discussion on the appointments. Council Member Sturgess noted there are alternates appointed for the Planning Board but someone hasn't been appointed for the Planning Board yet. Supervisor Palcovic stated there is still an open position.

Council Member Sturgess wanted to make a motion to appoint George Hamilton to the Planning Board to fill the rest of Matt Cooper's term. The clerk stated this should be done separately as the term is a seven year appointment. It was asked if he should be removed from the alternate or leave him as an alternate and then make a resolution to appoint him as a member of the board. The Supervisor noted there are other names in the mix for the other positions.

Council Member DeLuca had a question about the Deputy Highway Superintendent position. She stated there is a residency requirement that is stated in the highway law. The Highway Superintendent stated the town needs to make a resolution that it can be a Fulton County resident, like it is in every other town has. He listed Johnstown, and Bleecker as examples.

can reinstate him with retro pay. The Supervisor reiterated leave it open so we comply with highway law. Council Member Cooper asked if there was a pay differential with that. The response from the supervisor was there is. It is a yearly stipend. Council Member Cooper stated to pay him would be a violation of state highway law.

Highway Superintendent Voght stated if he can't be appointed he then named James Brady as the Deputy Highway Superintendent. Council Member Glenn thought it should be left open until we get direction from the town attorney. Supervisor Palcovic noted Mr. Voght's point that if he is not available someone needs to be able to take calls. Council Member Sturgess noted the local laws will take better than a month to put in place. So it is a good idea to appoint someone that is there now. Supervisor Palcovic suggested having a call list of employees. They would be paid overtime. Mr. Voght noted they get overtime if called in now. The Highway Superintendent named James Brady as Deputy Highway Superintendent. Council Member Sturgess hoped this did not create any animosity promoting one person then demote them. The highway Superintendent stated they have already talked about this today with his guys. Council Member Glenn asked why Shane could not be put in temporarily pending the local law. The Supervisor stated we would not be in compliance. Mr. Voght asked why highway employees have been hired (any employee) from out of town before this. He asked why it is done in Mayfield. The response was they may have local laws. Council Member DeLuca read from the Highway Superintendent manual. "The town board establishes the position, then the deputy must be a resident of the town, unless the town board has adopted a local law. The Deputy Highway Superintendent is appointed by and serves at the pleasure of the Highway Superintendent. If however the highway superintendent fails to appoint such deputy within five days after the establishment of the office of deputy, or within five days after a vacancy occurs in the office the town board has the power to appoint." The question of paying the Deputy Hwy Superintendent was again asked. Mr. Voght stated it is prorated. This is paid at the end of the year.

CTC – Barbara Deluca

Codes – Ralph Palcovic

Highway & Equipment Matthew Cooper

At 6:36 pm Council Member DeLuca made a motion to adjourn. The motion was seconded by Council Member Glenn.

Council Member Sturgess asked if the board was going to discuss planning Board members at the next meeting. Supervisor Palcovic stated the community is stepping up for all of our volunteer boards that help conduct business in the town of Caroga. There seem to be a lot of different candidates for a lot of different positions. A very positive move on behalf of the public. In reflection the supervisor noted many years ago it would be hard to get somebody for a Planning Board or Zoning Board but we have a lot of citizens stepping up to participate in the town activities, which is a very positive move.

Supervisor Palcovic repeated that the zoom meetings will be back on board as soon as we can and continue the program that seemed to work very successful for the public. He noted the meetings will start at 6:30 pm so people have time to get home. This was brought up to him.

All Board members were in favor of the motion to adjourn. Palcovic, Glenn, DeLuca, Cooper,
