The rodeo is a good thing for kids and adults. I know this because some kids perform other sports besides school sports. Most kids don't have outside skills, this gets kids to go outside, and also ~~be~~ look forward to other things besides going home and playing on a computer or phone. This gives the ability for kids to have the ^{of} ~~strenuous~~ ^{position} without getting upset. When I say this I mean like having fun over winning. In conclusion ~~most~~ some people come Friday with their family and watch the rodeo and camp out till Saturday. However, Paradise Ranch is inexpensive. The most important part of the rodeo is having an extra friend. Kids love getting to ^{have} trust in a animal. Paradise Ranch is awesome. They have the nicest arena, but most of all cool owners. Paradise is one of my favorite places to barrel race. They include the plegge of a legends and they take consideration for the contestants. It is a great place for many and close to home!
