Town Board Meeting Highlights

November 13, 2024 Monthly Meeting

For all issues of the *Caroga News Flash*, see https://townofcaroga.com/news_flashes/.

This meeting began at 6:30 PM and lasted 70 minutes with 14 at Town Hall and 15 via zoom.

Supervisor Palcovic reported on comprehensive planning, zoning revision, & wastewater issues.

- The Comprehensive Plan Committee has begun meeting the 4th Thursday of each month. Initial work is focusing on the Town Demographic Profile and a Community Input Survey.
- The Board aims to revise the *Zoning Ordinance & Map* before *Comprehensive Plan* revisions.
- The Supervisor discussed the New York State Environmental Facilities Corporation (EFC) *Water Infrastructure Funding Community Assistance Program and Septic Replacement Fund*. See <https://efc.ny.gov/system/files/documents/2024/10/efc-program-guide-10252024-interactive.pdf>:
“EFC’s mission is to assist communities throughout NYS to undertake critical water quality infrastructure projects by providing access to low-cost capital, grants and expert technical assistance. A primary goal is to ensure that these projects remain affordable while safeguarding essential water resources, ... aiding compliance with Federal and State requirements, and promoting green infrastructure practices.”
- Fulton County is not listed as a beneficiary of the EFC’s “Septic Replacement Fund”, and a Caroga wastewater engineered-design project is not listed on EFC’s “Intended Use Plan”, so the Supervisor initiated work with Fulton County Planning Director Scott Henze and New York State Assemblyman Robert Smullen to advocate for and advance Caroga’s interests.
